

ATTENTION!
PRODUCT RECALL

NATHE-Pferdegebisse ■ Meldorfer Straße 9 • D-25709 Marne

Meldorfer Straße 9
D-25709 Marne

For reasons of preventive protection, Nathe-Pferdegebisse Tjark Nagel GmbH is recalling single and double jointed Nathe bits.

Product name: Nathe snaffle bit, Nathe D-bit, Nathe eggbutt bit, Nathe Full Cheek bit, Nathe 3-ring bit

Brand: Nathe

All single and double jointed Nathe bits with built-in plastic connectors and a pink „N“ sticker on the bit end are affected by the recall.

We please you to stop using the bits.

Nathe has initiated a product recall for all single and double jointed horse bits. It cannot be ruled out that the installed plastic connectors will become brittle in individual cases. This can cause the bit to break, which is associated with a corresponding loss of influence.

The recall is a precautionary measure to protect riders and horses.

As a precaution, consumers who have bought one of the items listed should no longer use the bit and return it to the respective point of purchase.

Please send any queries to: info@nathe-pferdegebisse.de

We very much regret this Situation and apologize to all our valued customers for the inconvenience and thank you for your understanding.

Kind regards,

Nathe-Pferdegebisse Tjark Nagel GmbH
